CP8345 / CP8350

Cordless angle grinders 4.5" & 5"

High comfort thanks to better ergonomics, featuring brushless motor to deliver maximum power.

GREAT ERGONOMICS

Battery position allows for better precision

HIGH COMFORT

Soft thermo plastic rubber grip

HIGH DURABILITY

- Aluminum angle head housing
- Brushless motor

BRUSHLESS

HIGH COMFORT & HANDLING

Side handle at 20°

FOR IMPROVED SAFETY

Lock-off throttle for better control

CONVENIENT

- Keyless 270° adjustable protective guard to be oriented according to the application (cutting or grinding)
- Rotating guard by pressing grey lever

USER FRIENDLY

Convenient spindle lock system to change wheels quickly

OPTIMUM USER FOCUSED PERFORMANCES

Our cordless angle grinders are developed with you in mind. They provide:

Improved operator safety:

We leveraged our expertise in air tools and applied it to our cordless grinder. Our CP75 series safety lever has been applied, allowing for a more controlled application as the tool locks itself once you remove your finger from the trigger.

Better precision thanks to a great design:

The handle and the battery are completely aligned in a straight line which naturally aligns the arm with the wrist. The grinder's center of inertia (with a battery) is precisely where the operator grips the handle. This design makes a well balanced tool giving the perception that the tool is much lighter.

High comfort during operation:

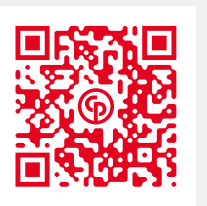

A handle in a straight position (@ 90°) forces the operator to be in an unnatural position which creates discomfort.

Our side handle is placed at 20° which allows for a better hand position and better ergonomics overall to do the job.

The handle is also adjustable for right or left handed operators.

DESIGNED FOR A VARIETY OF APPLICATIONS FOR WORKSHOPS OR OUTSIDE

Surface preparation

Weld seam removal

Body panels cutting

Frame grinding and cutting

Over 110 years of experience

Since 1901 the Chicago Pneumatic (CP) name has represented reliability and attention to customer needs, with construction, maintenance and production tools and compressors designed for specific industrial applications. Today, CP has a global reach, with local distributors around the world.

Our people start every single day with a passion to research, develop, manufacture and deliver new products that are meant to meet your needs not only today, but tomorrow as well.

To learn more about our extensive range of tools, construction equipment, industrial and portable compressors, accessories and workshop equipment, please visit www.cp.com.

KITS

The CP8345 and CP8350 cordless angle grinders come in kits. Find below the list of components inside the kit:

- One tool (CP8345 or CP8350)
- Two battery packs (two x 4 Ah **OR** two x 6 Ah)
- One 20V charger
- One side handle
- One Chicago Pneumatic soft bag
- One front flange spanner
- Tool Documentation:
 - Conformity Certificate and Safety warning
 - Operator's manual
 - Exploded view and spare part list

Model	Part number
CP8345 Pack 4.0Ah US	894 108 3454
CP8345 Pack 6.0Ah US	894 108 3456
CP8350 Pack 4.0Ah	894 108 3504
CP8350 Pack 6.0Ah	894 108 3506
CP8350 Pack 4.0Ah US	894 108 3508
CP8350 Pack 6.0Ah US	894 108 3509

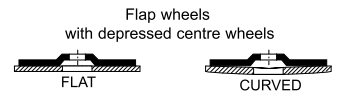

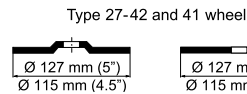

The US pack comes with a US type plug and the Rest of the World pack will come with the appropriate plug based on the country of origin of the order.

ACCESSORIES SELECTION

GRINDING AND CUTTING WHEELS ■ Suitable for CP cordless angle grinders

- Grinding wheel Type 27
- Depressed center grinding wheel (rounded) Type 28
- Cutting wheel Type 41

BATTERIES
